5-YEAR PLAN
PHA FISCAL YEARS BEGINNING 2001 - 2005
[24 CFR Part 903.5]

A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- ☐ The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- ☒ The PHA's mission is: The basic mission of this HA is to serve the needs of low-income persons in the PHA jurisdiction.

This can be done by taking steps to:

1. Promote adequate and affordable housing
2. Promote economic opportunity
3. Promote a suitable living environment free from discrimination.

Our mission is to provide drug free, decent, safe and sanitary housing for eligible families and to provide opportunities and promote self-sufficiency and economic independence for residents.

In order to achieve this mission, we will:

- ☞ Recognize residents as our ultimate customer;
- ☞ Improve Public Housing Authority (HA) management and service delivery efforts through effective and efficient management of HA staff;
- ☞ Seek problem-solving partnerships with residents, community, and government leadership;
- ☞ Apply HA resources, to the effective and efficient management and operation of public housing programs, taking into account changes in Federal funding.

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- ☒ PHA Goal: Expand the supply of assisted housing
- Objectives:
- ☐ Apply for additional rental vouchers: If offered by the Department.
 - ☐ Reduce public housing vacancies:
 - ☐ Leverage private or other public funds to create additional housing opportunities:
 - ☐ Acquire or build units or developments
 - ☒ Other (list below) :
Maintain existing stock of public housing in decent, safe and sanitary condition and maintain an average score of no less than 80 on the PHAS score for the Fiscal Years ending June 30, 2001 through June 30, 2005. .
Utilize Section 8 funding and maintain an average score of no less than 80 on the SEMAP for the Fiscal Year ending June 30, 2001 through June 30, 2005.
Update: The HA has accomplished these goals. The stock of public housing units is decent, safe and sanitary and our PHAS score for the FY ending 6/30/2000 was 83.9. The implementation of SEMAP has been delayed by HUD but we do not anticipate any problems in maintaining an average of score of 80 the Section 8 program.
- ☒ PHA Goal: Improve the quality of assisted housing
- Objectives:
- ☒ Improve public housing management: Increase 6/30/2000 PHAS Score by 2 Points by June 30, 2005: **Update:** The HA score for 6/30/2000 was 83.9 and the HA anticipates that there will be no problems in increasing the score to 85.9 by 6/30/2005.
 - ☒ Improve voucher management: Increase 6/30/2000 SEMAP Score by 2 Points by 6/30/2005: **Update:** HUD has delayed the implementation of SEMAP; therefore, we have no score for the period ending 6/30/2000.
 - ☒ Increase customer satisfaction: This PHA recognizes the resident as our ultimate customer and will strive to provide the best possible service to all

residents. **Update:** The HA is providing the best possible service to the residents and this is supported by the PHAS score of 9.1 out of 10 for resident satisfaction for the period ending 6/30./2000.

- ☐ Concentrate on efforts to improve specific management functions: (list; e.g., public housing finance; voucher unit inspections)
- ☒ Renovate or modernize public housing units: The HA has an on-going modernization program as outlined in the HUD approved 5 year Action Plan. **Update:** The HA is on schedule to obligating, expending and close-out all CGP and Capital Funds to renovate and modernize the public housing inventory and no findings have been issued by HUD or the Army Corps of Engineers relating to the modernizations programs administered by the HA.
- ☒ Demolish or dispose of obsolete public housing: The HA has submitted a Demolition application for 40 units in Myrtlewood Homes. **Update:** The HA submitted a demolition application to HUD on March 13, 2000, and the application was approved on May 24, 2000. In the demolition application the HA listed the source of funding for the demolition as HOPE VI funds. On May 15, 2000, the HA submitted a HOPE VI revitalization and demolition application to HUD and the application was disapproved by HUD on August 2, 2000. The HOPE VI application score was 61. This was the third application the HA has submitted and the previous score was 80. The HA staff dedicated approximately 500 hours to the completion of the HOPE VI grant application and it was believed to be the best application to date, but it scored 19 points less than our pervious application. Therefore, the HA has decided not to apply for a HOPE VI revitalization and demolition application in 2001. However, the HA plans to apply for a HOPE VI demolition grant. The HA has planned on receiving the HOPE VI funding to pay for all cost related to the demolition of the 40 units at Myrtlewood. If this years demolition application is not funded, the HA will have to revise its Capital Fund budget and pay for the demolition from its allocation of Capital Funds. In preparing for the HOPE VI funding and demolition the 40 units are currently vacant and removed from occupancy awaiting funding to proceed with the demolition. If the HOPE VI demolition is funding in 2001, its is anticipated that the demolition will begin in the later part of 2001 or early part of 2002.
- ☐ Provide replacement public housing:
- ☐ Provide replacement vouchers:
- ☐ Other: (list below)

- ☒ PHA Goal: Increase assisted housing choices
Objectives:

- ☒ Provide voucher mobility counseling: As described in Section XIII 3 C, of the Section 8 Administrative Plan. **Update:** Each person that receives a voucher is counseled when the voucher is issued on how Section 8 vouchers are mobile and that they have a number of options on where they chose to lease a unit. Also, each person that is issued a voucher at re-certification is counseled concerning the mobility of a voucher.
- ☒ Conduct outreach efforts to potential voucher landlords: Increase the number of landlords that participate in the voucher program by five (5) from 7/1/2000 to 6/30/2005. **Updated:** Since 7/1/2000 the number of landlords that participate in the program has increased by 15; therefore, this goal has been exceeded in the first year. The HA will continue its efforts to increase the number of landlords that participate in the Section 8 program.
- ☐ Increase voucher payment standards
- ☐ Implement voucher homeownership program:
- ☐ Implement public housing or other homeownership programs:
- ☐ Implement public housing site-based waiting lists:
- ☐ Convert public housing to vouchers:
- ☐ Other: (list below)

HUD Strategic Goal: Improve community quality of life and economic vitality

- ☒ PHA Goal: Provide an improved living environment
 - Objectives:
 - ☒ Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: The goal of the HA's is to meet the objectives outlined in Section 26 of the ACOP for accomplishing deconcentration. **Update:** Section 26 of the ACOP specifies that 40% of all new admissions have income at or below area median income and as of 1/31/01, 71.76% of all new move-ins are at or below 30% of median income. Section 26 of the ACOP also specifies that the HA not house families with income that is greater than 30% of median income in developments that have 60% or more of the total households with income that exceed 30% of area median income. As of 1/31/01 the HA does not have any development the has 60% or more of its families with income that is greater than 30% of median income.
 - ☒ Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments: To insure access for lower income families into higher income public housing developments, the HA's will skip families on the waiting list as outlined in Section XI 3 D, of the Tenant Selection and Assignment Plan, which is contained in the ACOP. **Update:** As

indicated above in the HA's deconcentration of poverty guidelines contained in the ACOP, the HA has implemented measures to promote income mixing in public housing and these efforts are effective since the HA is meeting its deconcentration goals.

- ☒ Implement public housing security improvements: Staff of the HA works with the City of Gadsden Police Department to ensure adequate police coverage. The HA contracts with the City of Gadsden for the services of eight police officers to work exclusively with the public housing residents in all seven of the HA's public housing communities. Funds from the Public Housing Drug Elimination Program (PHDEP) pays for the officers and the HA's anti-crime program and the HA plans to continue this program and apply for PHDEP funds for the Federal Fiscal Year ending September 30, 2000. The HA has also implemented the stricter screening and eviction provisions to comply with the federal requirements of the "One-Strike and You're Out" rule. The implementation of stricter screening policies keep criminals out of public housing and the swift eviction of residents involved with criminal activity helps keep criminal activity at a minimum. **Update:** The HA continues its contract with the City of Gadsden for additional police coverage and this additional police make the communities safer. Also, the HA complies with the dwelling lease and ACOP in taking appropriate actions in screening applicants and evicting residents that violate the "One-Strike and You're Out" policies of the HA. The HA will also continue applying of PHDEP funds to continue our anti-crime programs.

- ☒ Designate developments or buildings for particular resident groups (elderly, persons with disabilities) The HA has a total of 1042 units of public housing and 37 units are designated for persons with disabilities and fully accessible. The designated units comply with the requirements of the American with Disabilities Act (ADA). All of the community buildings and public offices managed by the HA, comply with ADA accessibility requirements. Also, it is the policy and practice of the HA to make reasonable accommodations for any individual with a disability, as outlined in Section XV of the Dwelling Lease. **Update:** The HA is meeting its requirements as outlined above in designating development or buildings for residents groups that are elderly and/or disabled. In addition to the 37 units designated for persons with disabilities, the HA has 112 units at Campbell Court and 74 units at Starnes park that have been approved by HUD for occupancy of the elderly and disabled. The occupancy type for these units were changed from family to mix-population (elderly and disabled) on August 18, 1995, which is the date HUD approved the change in occupancy type.

HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

☒ PHA Goal: Promote self-sufficiency and asset development of assisted households

Objectives:

- ☒ Increase the number and percentage of employed persons in assisted housing: Currently there are 339 (306 public housing & 33 Section 8) individuals employed that are assisted families, which includes public housing and Section 8 program families. It is the goal of the HA to increase the number of employed individuals by 2 per year over the next five years; therefore, increasing the total employed by 10 as of June 30, 2005. **Update:** Currently there are 362 (328 public housing & 34 Section 8) individuals employed that are assisted families; therefore, we are currently exceeding our goal. Note: These totals include persons that are employed full time and part-time, such as odd jobs.
- ☒ Provide or attract supportive services to improve assistance recipients' employability: The HA is providing on the job training for residents in the area of maintenance. Residents are hired as temporary laborers and trained in different areas of maintenance and when a vacancy occurs they are qualified to apply for the vacant position. Since January 1, 1992, the HA has hired 25 individuals and of that total 9 have been residents, which is 36% of the total hired. It is the goal of the HA to hire residents for 25% of the vacancies within the HA. Based on expected turnover and anticipated retirements, the HA anticipates four vacancies by June 30, 2005, and we plan to fill a minimum of one of these vacancies with a resident. Also, the Executive Director of the HA serves on the Jobs Task Force at the Department of Human Resources (DHR) and this task force works with DHR staff and with residents receiving TANF payments to prepare them for future employment. **Update:** The number of individuals hired has increased from 25 to 27 and of that total 9 are public housing residents, which represents a percentage of 33%. Therefore, we continue to exceed our goal of filling 25% of the vacancies with residents.
- ☒ Provide or attract supportive services to increase independence for the elderly or families with disabilities. The HA works with the Council on Aging and the Home Extension service to provide programs to increase independence living for the elderly and disabled and it is the goal of the HA to have a minimum of twelve activities/programs per year for the elderly and disabled.

HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

☒ PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Objectives:

- ☒ Undertake affirmative measures to ensure access to assisted housing regardless of race, color, religion, national origin, sex, familial status, and disability: The HA promotes fair housing for all applicants and residents. We will not tolerate any type of discrimination because of a persons race, color, religion, sex or national origin. The HA works with local leaders from the National Association for the Advancement of Colored People (NAACP) to promote economic opportunities and affirmative action for low and very-low income families. To demonstrate the HA's commitment to equal opportunity and affirmative action, the HA leases a unit to the NAACP for their main office in Gadsden. The unit has been removed from occupancy and the NAACP is not charged rent because the programs they provide directly benefits public housing residents. **Update:** The HA continues to undertake affirmative measures, as outlined above, to ensure access to assisted housing regardless to race, color, religion, national origin, sex, familial status, and disability.
- ☒ Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disability: The HA will follow its admissions policies to insure that all applicants are housed on a non discriminatory basis in the public housing developments administered by the HA. One hundred percent of the Public Housing units administer by the HA meets and/or exceeds housing quality standards established by HUD. Also, all Section 8 units approved by the HA are inspected and must meet Housing Quality Standards and these units are livable and suitable for all individuals. **Update:** The HA continues to undertake affirmative measures, as outlined above, to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion, national origin, sex, familial status, and disability.
- ☒ Undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required: It is the policy and practice of the HA to accommodate all individuals with disabilities and within reasonable cost limitations make units accessible as needed. **Update:** The HA continues to undertake affirmative measures, as outlined above, to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required
- ☐ Other: (list below)

Other PHA Goals and Objectives: (list below)

The HA believes that accomplishment of the goals established above will ensure that the HA is administering housing assistance programs that will benefit all low-income citizens by providing quality housing and opportunities for economic self-sufficiency.

- ☒ Admissions Policy for Deconcentration: The final rule to effect Deconcentration of Poverty and Promote Integration in Public Housing was published in the federal register on December 22, 2000, and effective January 22, 2001. The admissions policy for deconcentration for Public Housing is contained in HA's Admissions and Continued Occupancy Policy (ACOP) as follows: Section XI 3 D of the ACOP, which is the Tenant Selection and Assignment Plan, states that "Provided, however, the provisions of the

deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal.” The Deconcentration Policy of the HA for Public Housing is contained in Section XXVI of the ACOP, and reads as follows:

Deconcentration Rule for Public Housing:

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.

2. Actions: To accomplish deconcentration goals, the housing authority will take the following actions:

A. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.

B. To accomplish the goals of:

(1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and

(2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income. The housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

The deconcentration requirement listed above provides the HA with the necessary tools to ensure that the HA complies with the requirements outlined in the final rule, which was published in the federal register on December 22, 2000, to Deconcentrate Poverty and Promote Integration in Public Housing and maintain developments within the established income range of 85% to 115% of the HA-wide average income for all covered developments (See also Component 3 A-6).

The admissions policy for deconcentration for the Section 8 Program is contained in the Section 8 Administrative Plan as follows: Section XII 3 B of the Section 8 Administrative Plan, which is the Section 8 Applicant Selection Process, states that, "Provided, however, the provisions of the deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal." The Deconcentration Policy of the HA for Section 8 is contained in Section XXXIV of the Section 8 Administrative Plan and reads as follows:

Deconcentration Rule Section 8:

The objective of the deconcentration rule for section 8 tenant-based assistance is to admit no less than 75% of its new admissions to the program to families that have income at or below 30% of the area median income. The HA will track the status of all new admissions monthly by utilizing income reports generated by the HA's computer system. The goal will be tracked monthly and if the HA is not reaching its goal, families will be skipped on the waiting list to admit a family that has income that is at or below 30% of area median income. The practice will continue until the HA achieves its goal. The HA's Section 8 applicant selection process, which is contained in the Section 8 Administrative plan provides for the skipping of families on the waiting list to accomplish this goal.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The objective and strategy for addressing drug-related crime within the GGHA’s seven (7) public housing developments is through law enforcement and intervention. The primary objectives for enforcement are to eliminate the presence of gangs, open-air drug sales and to reduce the number of drug related arrests by four (2) percent during this grant period. The primary objectives for intervention is through compliance with all federal regulations pertaining to the “OneStrike and You’re Out”, requirements as they relate to admission and/or eviction from Public Housing. Keeping criminals out of public housing and evicting residents that violate the OneStrike regulations is critical to intervention and helps reduce all drug related criminal activity. Also, conducting anti-drug and gang educational programs for the purpose of educating residents is a very effective intervention method and helps keep residents away from gangs and off illegal drugs. To accomplish these objectives, the GGHA’s Board of Commissioners and staff have partnered with the Mayor and Chief of Police from the City of Gadsden, all elected Officials, Community Leaders, Non-Profit Agencies, Resident Leaders, Residents and the local media to implement the GGHA’s anti-crime programs and “Win the War on Drugs”. Each of the partners play an important role in implementing the GGHA’s comprehensive anticrime programs. The goals for monitoring and evaluating PHDEP funded activities and nonfunded activities is achieved by reviewing and tracking criminal activity reports daily, the reports are provided by the Gadsden Police Department, enforcing the OneStrike and You’re Out policies of the GGHA, providing and conducting prevention programs and making quality health care available to all public housing residents. An Advisory Board, which is composed from representatives from the GGHA staff and from the partners listed above, meets on a quarterly basis for the purpose of evaluating the progress of the GGHA’s anti crime programs. The GGHA staff provides the Advisory Board with criminal activity reports, by development, resident survey results and any other information that may be valuable in evaluating the

anti-crime programs. This data and information is evaluated by the Advisory Board and, if applicable, changes are made to improve the anti-crime programs make them more effective and efficient. Minutes are recorded and maintained by the GGHA to document all Advisory Board meetings.

A comprehensive certification of compliance with respect to the PHDEP Plan submission is included in the “PHA Certifications of Compliance with the PHA Plan and Related Regulations.”

Comments of Resident Advisory Board (RAB) and other Residents made during the time period the Annual and 5 year plan was being revised for the Housing Authority (HA). The HA staff has worked with its residents and the Resident Advisory Board to revise the annual and five year plan. The HA has seven developments and since 1992 there have been active resident associations in each development. The president's from each resident association serves on the Resident Advisory Board. Each Resident Association meets on a monthly basis and the Advisory Board meets with the Executive Director and key staff on a quarterly basis and they review all policies related to occupancy of public housing and provide input and suggestions prior to the adoption of all policies. The Resident Association Presidents names and developments are as follows: From Colley Homes 49-1, Ms. Lovie Ivey, From Carver Village 49-2, Ms. Brenda Dunning, From Emma Sansom Homes 49-3, Ms. Jane Mount, From Myrtlewood Homes 49-4, Ms. Teresa Clanton, From Campbell Court 49-5, Ms. Virginia Essary, From Starnes Park 49-6, Ms. Gertrude Battle and From Northside Homes 49-8, Ms. Margaret Edwards. These residents comprise the members of the Resident Advisory Board (RAB). The HA has a Section 8 Voucher Program of 112 units and 60 units of Section 8 New Construction, for a total of 172. According to PIH Notice 2000-36, PHAs of significant size must ensure that families receiving tenant-based assistance are reasonably represented on a RAB. Significant size is defined as 20 percent of the total of the PHA's public housing and Section 8 tenant-based assistance units. The HA has a total of 1,214 (1,042 public housing and 172 Section 8). Therefore, the Section 8 program represents 14.2% of the total ($1,214/172 = 14.2\%$). Since the total is less than 20% there is no Section 8 representative on the RAB. However, the HA made significant efforts to solicit comments for all Section 8 participants. Each Section 8 participant was mailed a notice on Monday, February 12, 2001, which informed the participants of the annual and 5 year planning process and scheduled a meeting for all participants on Monday, February 19, 2001 to review the annual and 5-year plan and solicit comments and participation from the Section 8 participants. There was only one Section 8 participants that attended the meeting and the Executive Director explained the revision process of the annual and 5 year plan and how it related to Section 8 participants. Mr. East indicated that the only change for Section 8 is that the HA would be proposing to increase the Payment Standard for the Section 8 Voucher Program to 110% of the FMR. The change is being proposed to increase the leaseup rate for persons issued a Section 8 Housing Voucher and reduce the rent burden for persons already participating in the program. The increase would be effective on or after April 10, 2001, for all re-certifications and for all new HAP contracts executed. Mr. East asked the Section 8 Participant if there were any comments concerning the annual or 5 year plan and the Section 8 participant did not have any comments relating to the plan. In concluding the meeting, the Executive Director informed the Section 8 participant that the planning and comment period would continue until April 2, 2001 and a public hearing would be held on April 3, 2001 to review the annual and 5 year plan prior to submitting the plan to HUD. Mr. East also indicated

that a reminder notice concerning the public hearing would be mailed to all section 8 participants on March 28, 2001.

To involve all public housing resident in the revision process of the annual and 5 year plan, one meeting was held in each public housing community, for a total of 7 meetings, to solicit comments from all public housing residents. In addition to the 7 meetings held in each community, the Executive Director and key staff held two meetings with the Resident Advisory Board. The first meeting was held on January 9, 2001 and the second meeting was held on April 3, 2001 for the purpose of obtaining their comments and suggestions. To complete the comment process and solicit input and comments from the general public the HA advertised in the Gadsden Times on February 15, 2001, that the annual and 5 year plan was available for review and the HA was soliciting comments on the plan and that a public hearing is scheduled for Tuesday, April 3, 2001 to review and comment on the annual and 5 year plan. Also, on February 14, 2001, a letter was mailed to Legal Services Corporation of Alabama requesting that they review and comment on the annual and 5 year plan. A notice was also mailed to all Section 8 participants on March 28, 2001, and delivered to all public housing residents on March 30, 2001 to remind the participants and residents of the public hearing. To ensure that the general public and all interested parties were reminded of the public hearing, ads were placed in Gadsden Times on March 28, 2001 and April 1, 2001 notifying the general public of the upcoming public hearing on Tuesday, April 3, 2001. Also, public service announcements were aired on three local radio stations advertising the Public Hearing of April 3, 2001.

Participation was good in the 11 meeting held to discuss and review the annual and 5 year plan. A total of 118 people attended the meetings and the overall comments were positive, constructive and supportive of the HA's plan. Specific comments and the HA's response are as follows: At the Resident Meeting for Emma Sansom Homes a resident asked if there was any funds included for work to be done on (upgrade) the playground equipment. Mr. East indicated that the budget did not have any funds for playground equipment but explained that he had applied for community development block grant (CDBG) funds for Colley Homes and if approved the HA would apply for CDBG funds for Emma Sansom Homes. Also, one resident asked if the HA had funds for college education. Mr. East explained that the HA had funds for skilled trades under our Section 3 program and he also explained that Gadsden State Community College works with the HA and our staff could check with Ms. Sharon McGruder to see if funds were available to help with her education. A resident from Emma Sansom called the office the day following the meeting and said she was unable to attend the meeting but requested that we put safety strips on the stairs and add additional lighting to the stairs. These requests were forwarded to the Architect for the HA and the plans will be developed to address the residents comments. At the Campbell Court meeting on resident asked if the future renovation plans for Campbell Court would add shower stalls in handicapped units. Mr. East explained that the handicapped units had been recently renovated and they would not be included in the upcoming renovation. The disabled units have tubs with handheld

shower units and additional features necessary and these units meet all American with Disabilities Act (ADA) requirements. At the Northside Homes meeting a resident asked if parking bay spaces could be added at the rental office. Mr. East indicated that the plans currently did not have plans for added parking spaces but the plans could be modified. As a result of this comment, the 5 year plan was modified to include adding parking spaces in year 2004 for Northside Homes.
